*--For Immediate Release--*

### *Bring It! - Paint, Paper, P.J's and Plugs*

**[ Kennedale, TX - 10-07-2014 ]**

Keep Kennedale Beautiful needs your help to keep harmful waste and reusable items out of our landfills.

Green is no longer a fad of the future, it is reality, and an increasing number of communities, like Kennedale, are realizing the benefits of offering services to citizens that provide opportunities to clean-up their environment.

Keep Kennedale Beautiful is partnering with DFW Reclaimers, Inc., Fort Worth Crud Cruiser, Action Shred of Texas and First United Methodist Church Mission Store of Kennedale to offer an environmentally responsible opportunity for citizens of Kennedale to safely dispose household hazardous waste (paint, pesticides, used oil, antifreeze, fluorescent light bulbs and other similar items), as well as electronic devices including all items operating with a plug, batteries, fuel or electricity (computers, printers, kitchen electronics, televisions), gently used clothing and home office paper, books and magazines. A complete list of items that will be accepted at the event can be found on the city of Kennedale website: [www.cityofkennedale.com](http://www.cityofkennedale.com)

Several items will not be accepted: commercial chemicals, medical waste, explosives or any item that contains Freon. Clothes must be in usable condition, no torn or soiled clothing will be accepted or worn out shoes. Please do not bring newspapers.

Toxic waste dumped in our landfills over time becomes dangerous to air, water and soil. It is important to assure the dangerous toxins are handled responsibly. So Bring It: October 18, 2014 to TownCenter from 9:00 a.m. to 11:00 a.m. Residents only. No commercial accepted.
