*--For Immediate Release--*

## **KENNEDALE PARKWAY SIDEWALKS PROJECT BEGINS**

**[ Kennedale, TX – January 14, 2015 ]**

A project to install approximately five miles of six-foot-wide sidewalks on both sides of Kennedale Parkway begins the week of January 12, 2015. Construction will initiate on the southwest side at 1125 W. Kennedale Parkway (just south of the new Burger King) and extend to Eden Road. On the northeast side, sidewalks will be installed from Bowman Springs Road to Tower Drive.

The purpose of this project is to provide safer pedestrian routes through this main thoroughfare while also enhancing the aesthetic of the area. The project is expected to be complete by the end of September, weather permitting.

The contractor for this project is Northstar Construction Inc., of Fort Worth, and the funding is provided through a partnership between the Texas Department of Transportation and North Central Texas Council of Governments.

There will be some lane closures due to construction, and traffic flow could be impacted. Northstar Construction will be utilizing traffic control devices, and would like to remind motorists to move over and slow down when driving through the work zone.

For more information on this project, residents can contact Larry Hoover, Streets and Parks Supervisor, at (817) 985-2170.
