NOTICE TO SPECIAL EXCEPTION APPLICANT

- Applicants have a right to request a Special Exception when authorized by the Zoning Ordinance; however, obtaining a Special Exception is not a right and is not guaranteed. In fact, it is difficult to obtain a Special Exception because of the restrictions placed on the Board of Adjustment by the State of Texas and the standards that must be met before a Special Exception can be granted.

- The Board of Adjustment (BOA) is a quasi-judicial board. When in session, the BOA is the same, in most respects, as a court of law. Board members may only consider evidence that is presented to them. Also, appeals from BOA decisions can only be made to a District Court.

- **It is very important that you present sufficient evidence to make your case.** Pictures, maps, plats, testimony of witnesses, letters from neighbors, etc., are examples of typical evidence considered by the BOA.

- No application for a Special Exception shall be granted by the BOA unless the board finds **all of the following conditions are present:**
  
  (1) That the establishment, maintenance or operation of the use will not be materially detrimental to or endanger the public health, safety, morals, or general welfare;
  (2) That the uses, valves and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired or diminished by the establishment, maintenance or operation of use;
  (3) That the establishment of the use will not significantly impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;
  (4) That adequate utilities, access roads, drainage and other necessary site improvements have been or are being provided;
  (5) That adequate measures have been or will be taken to provide ingress or egress so designed as to minimize traffic congestion in the public streets; and
  (6) That the use shall conform to all applicable area, yard, height, lot coverage, building size, and exterior requirements and parking space regulations of the district in which it is located.

- **If you do not present sufficient evidence to demonstrate that all of the above conditions are present, the BOA cannot grant your requested special exception.** The BOA may grant the applications with stipulations concerning conditions and restrictions upon the establishment, location, construction, maintenance, and operation of the Special Exception, as deemed necessary to protect the public health, safety and general welfare of the community and to secure compliance with the standards and requirements specified above.
